

From the ASLA Home Page, click on the Login screen.

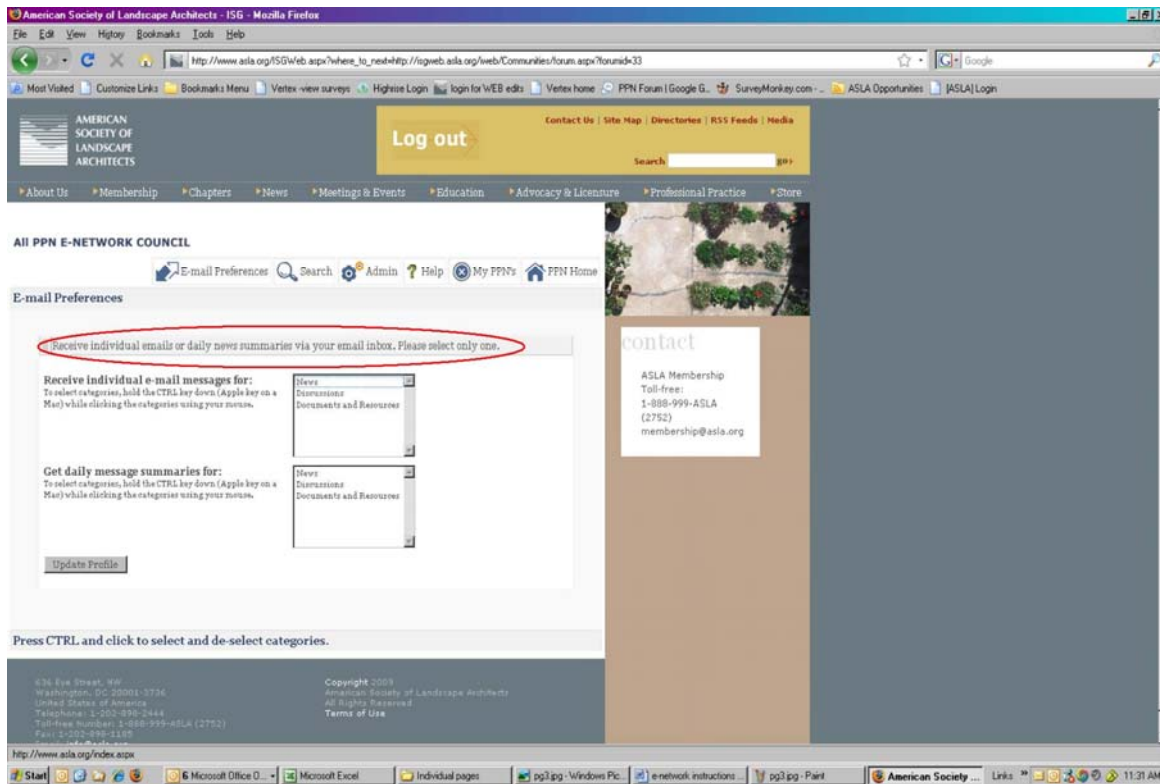

Insert Your User name and Password information, and click on Login.

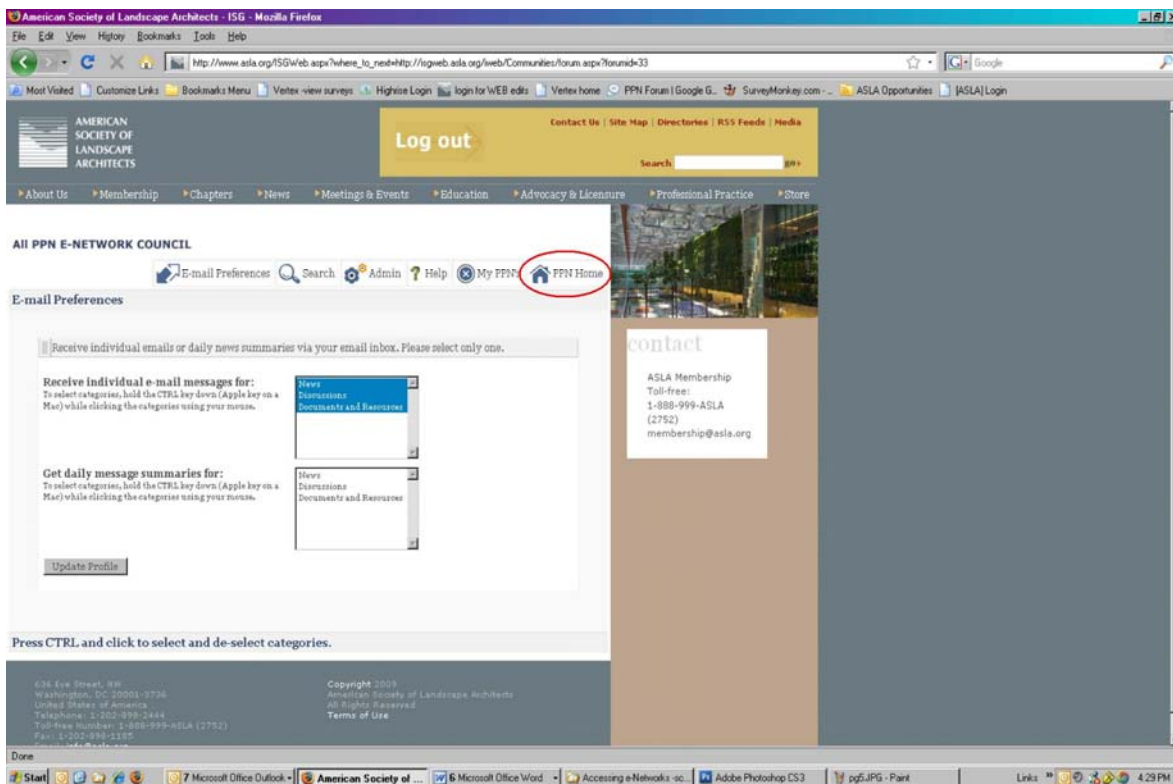

Choose the PPN(s) you want to view or to which you want to contribute information.

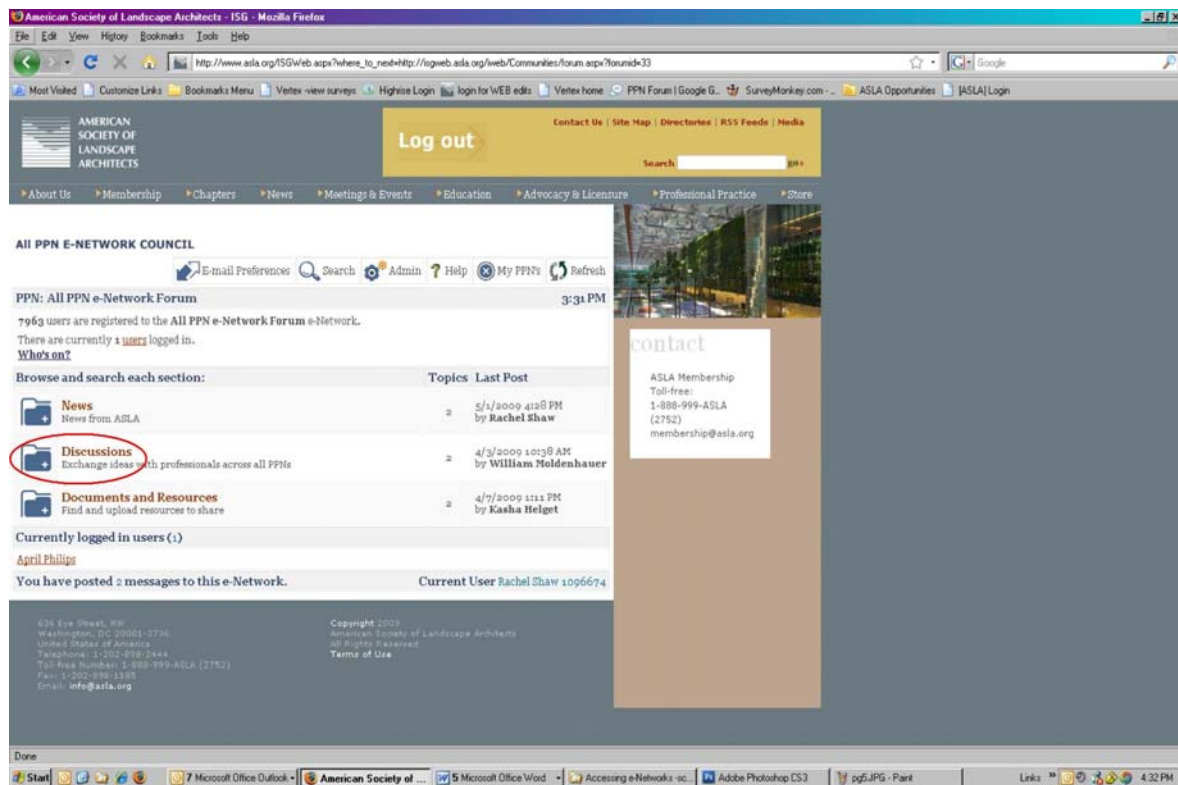

Click on Email Preferences to choose how you would like to be notified of activity in your PPN(s).

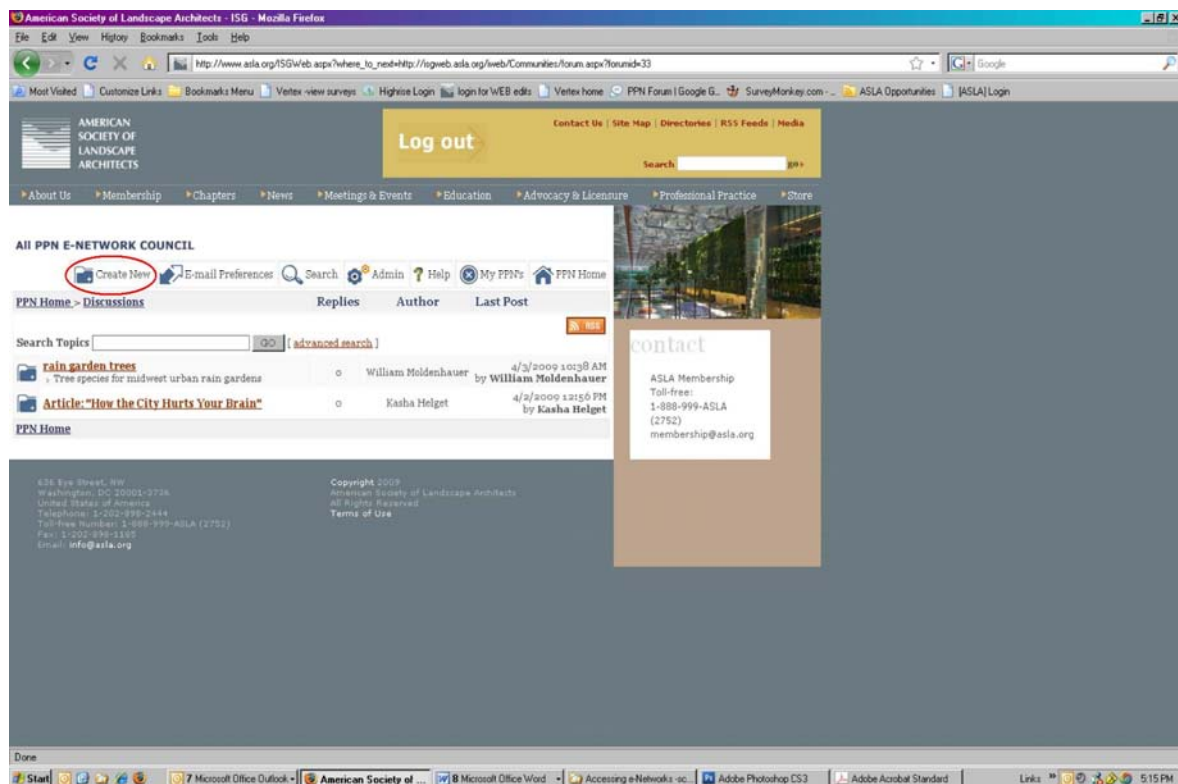

You must choose preferences for each category . . .

. . . and for each PPN to which you belong.

To create a new discussion item, click on Discussions ...

and "Create New."

Posting a Message - Mozilla Firefox

To place your message on the e-Network, click on "Post."

There are additional functions (e.g., responding to a post, editing/deleting your post, attaching files and links) that are described under “Help” on the PPN’s e-Network home page.
