Dear Professor Siciliano:

The Landscape Architectural Accreditation Board (LAAB) at its February 9, 2023, meeting granted accreditation for a period of six (6) years to the course of study leading to the professional BSLA degree at Purdue University. This status is subject to review of an interim report to be submitted by December 1, 2024, together with annual reports and maintenance of good standing.

The interim report should provide an update, with documentation demonstrating compliance when necessary, on each Recommendation Affecting Accreditation (RAA) in order to demonstrate compliance, or steps towards compliance, with the respective standard. In accordance with LAAB policy, programs have up to two years to resolve their RAA(s). Upon receipt of the two-year Interim Report, the LAAB will accept that the RAA(s) have been addressed or, if not, the program will be given two more years to resolve the issues. A second Interim Report will be due to the LAAB on or before four years from the receipt of this Accreditation Action Letter. If the RAA(s) are not successfully resolved or, in the case of longer term issues, substantial and verifiable progress has not been made at that time (after four years from this Accreditation Action Letter) then the program may be moved to provisional status, it may be suspended, or in some cases the program's accreditation may be revoked.

Accreditation is awarded on a time-certain basis. The six-year period of accreditation ends December 31, 2028. Accordingly, the BSLA program at Purdue University is next scheduled for a review during the fall of 2028.

In making its decision, LAAB considered the program's self-evaluation report, the visiting team's report, and the program's response to the report.

Director

Kristopher Pritchard

Enclosed is a list of recommendations affecting accreditation (to be responded to in the interim report via the process laid out above) and an Interim Reporting template. This list was developed by LAAB from the materials reviewed during the meeting.

On behalf of the visiting team, I would like to thank you for the hospitality extended to them by the faculty, staff, and students.

Sincerely,

SUMMARY OF RECOMMENDATIONS

Recommendations Affecting Accreditation

1. The program is undertaking a new strategic review cycle alongside other efforts to reconsider its curriculum. As this work is done, it should describe its objectives in quantitative terms to allow better tracking of progress. It should also explicitly define time periods for progress review (Standard 1).
2. Provide opportunities in studio for continued application of site grading and drainage towards successful design resolution (Standard 4).
