Washington, D.C. 20001

Attention: Jeffrey Lofton, Manager, Public Relations

Regarding: ASLA Medal

Dear Jeff,

I am pleased and honored to write this letter of endorsement for Cameron Man to be nominated for consideration for the ASLA Medal for Lifetime Achievements and Contributions to the Profession, which have a unique and lasting impact on the welfare of the public and the environment.

Cam is a person for all seasons. I have yet to meet an individual with such knowledge in all aspects of our profession from the private and public practitioners to academia, to which he has contributed this wealth of knowledge.

His success is measured in his persistent drive for excellence with the results being shown in his accomplishments, especially with his academic leadership of the next generation of Landscape Architects.

His story is one of dedication to the profession through his contributions and involvement in ASLA, leading to his presidency and his knowledge, leadership and devotion to the academic circle will leave a living legacy for the future generations of Landscape Architects.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Dennis Otsuji', is written over a large, stylized blue scribble that resembles a signature or initials.
