Dear Board of Trustees

It gives me great pleasure to be a nominee in ASLA, for the 2007 Design Medal. The contributions that I have made to Landscape Architecture in Iran are immeasurable And well know to us.

Sincerely Yours

Amir Abdossalehi

Subject: International ASLA for the 2007 Design Medal Nomination

Dear Board of Trustees

I would like to write a summary of my experience these years. I established my company in 1978 in Tehran – Iran . I would be happy about this firm. Because I have Made so many sites for my clients and it is very important that all of them are satisfied . I have designed so many sites like , Houses , Villas , Factories, Hotels, Restaurants, Roof Gardens , Interiorscape , Apartment complex , Commercial Complex Towers and so on . I have designed all subjects that there are in the site like Water falls Ponds, Swimming pool, Jacuzzi out door , different kinds of Pergola , different kinds of Monument in the site, construction and irrigation Systems , Lighting Systems and I have 20000 meters garden for producing different varieties Plants like Flowers, Trees Shrubs, Bushes and Ground cover.

One of the things is very important in these years is the Roof Garden for one of my Clients. That his daughter has been paralysed by a car's crash.

I have made a Roof Garden in front of her room that to make her relax.

So , I am a member of Iran and Canada chamber of commerce. Last year when I was in Canada . I met Deputy of Mayor of Charlottetown in PEI. I am going to establish new branch this summer .

Sincerely Yours

Amir Abdossalehi
