

2026 ASLA Virtual Advocacy Day

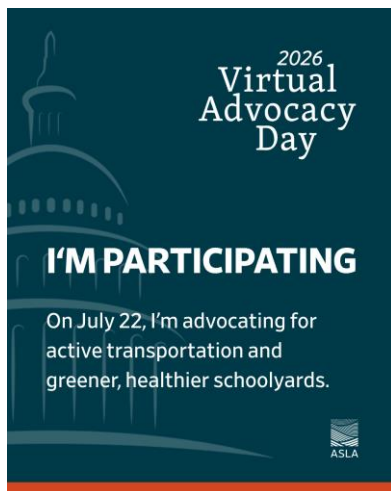

Social Media Toolkit

Help us show **Landscape Architects in Action** by sharing your participation and Advocacy Day experience on social media.

ASLA has created two graphics and sample posts to make it easy to participate. Feel free to use the sample messaging as written or personalize it to share why these issues matter to you, your work, or your community.

Before July 22

Share the “**I’m Participating**” graphic and let your network know you’re taking part in ASLA Virtual Advocacy Day.

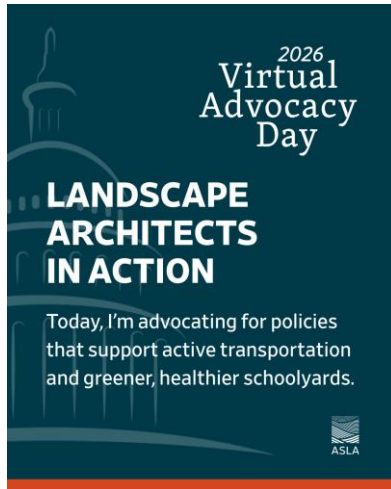

Sample Post

I'm participating in ASLA Virtual Advocacy Day! On July 22, I'll join landscape architects from across the country to advocate for active transportation and greener, healthier schoolyards.

#ASLAAdvocates

On Advocacy Day

Share the “**Landscape Architects in Action**” graphic, a screenshot from your meeting, or a selfie from your workspace.

Sample Post

Landscape architects are taking action! Today, I'm meeting with congressional offices to advocate for policies that support active transportation and greener, healthier schoolyards.

#ASLAAdvocates @NationalASLA

Help Amplify Advocacy Day

When you post:

- Tag the congressional offices or Members of Congress you meet with, when appropriate.
- Tag **@NationalASLA** (On LinkedIn, tag **@American Society of Landscape Architects**) so ASLA can find and share your post.
- Use **#ASLAAdvocates**.
- Share a meeting screenshot, photo, or selfie to help show landscape architects taking action across the country.

Don't forget: Your own voice is powerful. Consider adding a sentence about why active transportation, greener schoolyards, or federal advocacy matters to you, your work, or your community.
