**History and Background:**

**Annual Meeting Debrief.** A total of 6,125 attended the ASLA 2018 Annual Meeting and EXPO in Philadelphia, a decline from 6318 attendees in 2017. This reduction is due to fewer EXPO only registrations this year. Professional registrations, however, increased by 19 percent in 2018. Eighty-nine percent of the respondents to the annual meeting attendee survey said they were satisfied with their overall participation in the meeting.

Of the 360 participating exhibitors, down slightly from 384 last year, 61 percent of the exhibitor survey respondents said they were satisfied with their overall participation. Consistent with previous year’s reports, exhibitors were far more satisfied with the quality of booth traffic on Saturday (75 percent) then on Sunday (57 percent).

The committee will debrief on the meeting and discuss what worked well and any areas for improvement.

**The San Diego Conference on Landscape Architecture.** Staff have begun discussions about potential improvements to the education session schedule and the EXPO floor schedule in response to stakeholder input. Staff will share ideas and gather additional input from the Executive Committee.

### Agenda Item #4: Diversity and Inclusion Issues

**Purpose:** To propose an update to the Diversity statement and discuss other diversity and inclusion issues.

**History and Background:**

**Diversity value statement.** An omission in the drafting of the Diversity value statement has been identified, i.e., the statement describing the Diversity value left out staff. Management recommends adding staff to the statement to read:

> Committed to fostering equity and inclusion within our profession, membership, staff, and leadership, striving to mirror the communities we serve.

**Women’s Landscape Equality (re)Solution.** Following the annual meeting a petition was started by a group of ASLA members to address gender parity in the profession. The Executive Committee will discuss signing the petition as a whole rather than individually to emphasize ASLA’s commitment to the cause.

**Sexual harassment allegation procedures.** Given the high profile of sexual harassment allegations, including in the architectural profession, ASLA should pro-actively define procedures that would be followed in the event of any similar allegation concerning ASLA members or award winners. Attached is the Standards of Conduct policy, the Whistleblower policy and the ASLA Code of Professional Ethics with relevant sections highlighted in yellow. Additional information on existing and suggested procedures will be provided before the call.

**Governing Rules/Procedures:** N/A

**Strategic Objectives:** Identify priorities and objectives that respond to member needs and advance the Society and ensure that ASLA programs are managed and implemented in accordance with member- and Board-identified goals and values. Keep the profession and the Society in the lead on critical and emerging issues.

**Financial Impact:** N/A

**Action Requested:** The committee is requested to: 1) approve the addition of the word “staff” to the description of the Diversity value (as noted above); 2) provide input on the Women’s Landscape Equality (re)Solution and sexual harassment allegation procedures.
