### History and Background:

**Global Climate Action Summit.** EVP Somerville attended the summit last week in San Francisco. The Global Climate Action Summit, happening midway between Paris 2015 and 2020, was timed to provide the confidence to governments to ‘step up’ and trigger this next level of ambition sooner rather than later. Leaders from around the world attended celebrate achievements but to also provide a Launchpad for deeper worldwide commitments.

**Chinatown Green Street.** The design team continues to negotiate contracts with the construction management firm, RK&K, and the permit expediting firm, Commun-ET. ASLA staff had a productive meeting with Downtown BID to update them on the project, talk about neighboring projects, and discuss how to collaborate on maintenance of the street post-construction. Staff also met with the 1882 Foundation, a Chinese cultural organization located in the 500 block of I Street, NW.

## Agenda Item #4: 2019 Annual Operation Plan

**Purpose:** To review the draft of the FY 2019 Annual Operating Plan for final approval at the fall meeting.

The Annual Operating Plan (AOP) outlines ASLA programs, their objectives, and specific goals for the coming year. The AOP responds to the board’s evaluation and ranking of strategic objectives and programs; responds to key issues identified through the SWOT and strategic planning discussions of the Executive Committee and senior staff; and incorporates program and operations improvements identified through ongoing PDCA (Plan-Do-Check-Act). The AOP takes a conservative approach to revenue projections and budgeting, with resources added strategically to support top priorities.

As a reminder, top priorities identified by the Board are: promoting and defending licensure: public awareness; staying in the lead on critical and emerging issues; advocacy; and growing the profession. Cross-cutting issues of special focus are: recruiting, engaging, and serving emerging professionals; positioning the profession to respond to climate change; and career discovery and diversity.

The most significant programmatic changes and additions for 2019 are listed below. Please note: Program changes/enhancements are organized under primary department of responsibility; many items involve multiple departments.

## Agenda Item #5: 2019-2020 Operating Budgets

### Information/Discussion

**Purpose:** To present for discussion the proposed changes to the 2019 budget.

**History and Background:** The annual budget is developed as a draft 18 months out and is revised and given final approval by the BOT at the fall meeting preceding the start of the year. The Annual Operating Plan (AOP) is approved by the Board at the same time. The budget and the AOP respond to ExCom and BOT priorities and program review, ongoing management/staff review of program and budget performance, and other strategic planning discussions. The revisions to the budgets described below are the results of the Society’s program planning and budget review process.

**2018 Operational Update:** Through August 31, 2018, the loss of $1,912,249 exceeds the budgeted loss of $1,852,106 by $60,144. A significant portion of the Society’s change in net assets each year (net income or loss) is derived from the annual meeting. ASLA follows the completed-show method of accounting, which requires it to defer both income- and expense-related items directly attributable to the annual meeting until its completion. The majority of expenses, such as salaries, are recorded equally each month, so it is usual for the change in net assets to be negative (net loss) until the meeting concludes in October.

**Budget Revisions:** The 2019 final budget reflects changes made to the 2018 approved budget presented to the Board during last year’s fall meeting in Los Angeles. Management’s changes are discussed below:

- Membership revenue increase of $120,000, or approximately three percent.
- Additional revenue increases of $220,000 in select areas such as advertising and the ASLA Conference on Landscape Architecture.
- Creation of a three percent salary pool of $150,000 for merit increases.
- Set-aside $24,000 to cover a three percent increase in health insurance premiums.
- An increase of $96,000 in the Executive Office for outreach relating to ASLA’s Smart Policies for a Changing Climate, creation of a Security Design Symposium, funding for Frameworks Phase II and Just registration.
- An increase of $35,000 in Education and Marketing for the creation of a Firm Principal Symposium.
- In Membership, the budget provides an additional $25,000 for a Chapter Leadership Summit.
- An increase of $10,000 for PR and Communication to develop targeting messaging for members.

In 2010, the Executive Committee introduced the use of financial triggers. A financial trigger could only be executed to the extent net income for that year exceeds the approved amount. A financial trigger remains for the employee bonus pool estimated to be $150,000 in 2018.

**Financial Impact:** Establishes an operating budget of $13,627,000 for 2019.

**Governing Rules/Procedures:** ASLA Bylaws, Section 801: …The Board of Trustees shall…adopt the annual operating plan and budget…

**Action Requested:** Review the 2019 final budget and 2020 planning budget.
