Kevin Blackwell

Bill Summary: Last edited by Bradley Rawls at Feb 20, 2020, 6:08 PM
Would create the Universal Recognition of Occupational Licenses Act. Would require licensing boards to issue a license to a person who holds a current and valid occupational license or government certification in another state in a lawful occupation with a similar scope of practice, as determined by the board in this state. Would require that the person seeking licensure has held a license in another state for 1 year, among other things. Would require boards to issue an occupational license or government certification to a person upon application based on work experience in another state which does not use an occupational license or government certification to regulate a lawful occupation, but Mississippi does use an occupational license or government certification to regulate the occupation with a similar scope of practice, among other things. Would require a board to issue an occupational license or government certification to a person based on holding a private certification and work experience in another state.

**Bill Summary:** Last edited by Bradley Rawls at Jan 23, 2020, 9:09 PM

Would establish a sunset review process for all professional licensing requirements regulated by the department of licensing, to ensure that the rights and well-being of current and future practitioners of the profession be given full protection from unnecessary regulatory burden and that regulations meant to safeguard public health and safety are still warranted. Would require approximately twenty percent of the professional licenses regulated by the department be annually reviewed. Would put professions on a recurring 5 year review process timeline. Would provide that if education, training, or experience is a qualification in the professional license under review, a review and analysis of the hours or other amount of education, training, or experience required to ensure such requirements are as least restrictive as necessary to protect the public's health, safety, and welfare.

**Bill Summary:** Last edited by Elizabeth Hebron at Nov 4, 2019, 2:30 PM

This bill requires the Department of Safety and Professional Services to prepare a report containing certain information on any bill that is introduced in the legislature that requires an individual to obtain a license in order to engage in a particular profession or occupation or that requires that a license be obtained in order for a particular type of business to be owned or operated. The Legislative Reference Bureau must submit any bill to which the requirement applies to DSPS, and the report must be distributed before certain actions are taken on the bill in the legislature. Under the bill, the report prepared by DSPS must include, among other information, all of the following: 1) an evaluation of the potential for the unregulated practice of the profession or occupation to harm the public; 2) an evaluation of whether the public can reasonably be expected to benefit from requiring the profession or occupation to be licensed; 3) an evaluation of what is the least restrictive regulation, as defined in the bill, of the profession or occupation that would effectively protect the public; 4) an analysis of licensure requirements for the profession or occupation in other states; and 5) an estimate of the total additional financial burden that will be imposed on an individual or business involved in the profession or occupation as a result of the license requirement.
