Olga E. Angueira, ASLA
Director of Academic Affairs
Architecture and Landscape Architecture
Polytechnic University of Puerto Rico
San Juan, Puerto Rico 00919

Dear Professor Angueira:

The Landscape Architectural Accreditation Board (LAAB) at its February 9, 2023, meeting granted accreditation for a period of three (3) years to the course of study leading to the professional MLA degree at Polytechnic University of Puerto Rico. This status is subject to review of an interim reports to be submitted annually with the first report due by December 1, 2023, together with annual reports and maintenance of good standing.

Although Polytechnic University of Puerto Rico did not demonstrate compliance with minimum faculty instruction full-time equivalence (FTE) requirements at the time of the review with only two full-time landscape architecture faculty (of which one is the Program Director with significant administrative and teaching duties outside the MLA program), LAAB is granting a waiver on this minimum requirement due to the negative impacts of the natural, economic, and political devastation that has consumed Puerto Rico over the last decade. This waiver is specifically for this three-year grant of accreditation and the program should be continuously working toward meeting minimum requirements and compliance with all accreditation standards. Therefore, LAAB acted to require interim reports due annually with the first report due by December 1, 2023.

The interim report should provide an update on each Recommendation Affecting Accreditation (RAA) in order to demonstrate compliance, or steps towards compliance, with the respective standard. Upon receipt of the Interim Report, the LAAB will accept that the RAA(s) have been addressed or, if not, the program will be given another year to resolve the issues. A second Interim Report will be due to the LAAB on December 1, 2024.

Accreditation is awarded on a time-certain basis. The three-year period of accreditation ends December 31, 2025. Accordingly, the MLA program at Polytechnic University of Puerto Rico is next scheduled for a review during the fall of 2025.

In making its decision, LAAB considered the program's self-evaluation report, the visiting team’s report, and the program’s response to the report.
Enclosed is a list of recommendations affecting accreditation (to be responded to in the interim report via the process laid out above) and an Interim Reporting template. This list was developed by LAAB from the materials reviewed during the meeting.

On behalf of the visiting team, I would like to thank you for the hospitality extended to them by the faculty, staff, and students.

Sincerely,

Juanita Shearer-Swink, FASLA
LAAB Chair

SUMMARY OF RECOMMENDATIONS

Recommendations Affecting Accreditation

1. Revise and implement a long-term strategic planning process in alignment with the institution’s forthcoming revised strategic priorities including educational objectives, faculty development, student recruitment, alternative funding sources, and processes for continuous program improvement (Standard 1).

2. Reduce the Program Director’s administrative responsibility to the School of Architecture and redirect that workload to support the MLA Program administration (Standard 2).

3. Hire additional faculty to achieve the LAAB minimum requirement of three full-time faculty members for a program seeking re-accreditation (Standard 2).

4. Formalize documentation of course assessments (Standard 3).
