

Northern California - LARE Prep Sections 1&2 – Fall 2015

Date/Time: October 31-November 1, 2015 8:30 am-6:00 pm

Description: This workshop covers exam background, project management, contracts, bidding, construction administration, construction law, sustainable practices, inventory and analysis, programming, ordinances, codes and land use regulations. 305 page syllabus. 235 practice questions.

Our classes have attracted over 2000 students from 46 states, 5 Canadian Provinces, Washington DC, and Puerto Rico. The classes cover exam formats, tips and tricks, and feature programmed instruction focusing on developing the knowledge and skills needed to pass these sections of the LARE. The format of the classes are lecture, short tests, and question and answer. This is the most comprehensive and up to date review of sections 1 & 2 available.
