

The Landscape Architect's Guidelines for Construction Contract Administration and Experiences in the Time of COVID-19

Tuesday, July 21, 2020

1:00 p.m. – 2:00 p.m. (Eastern)

[Webinar recording](#)

[Webinar slides](#) (PDF)

[Guidelines](#) (PDF)

Panelists:

Dwayne Adams, FASLA

Keven Graham, FASLA, Terra Engineering Ltd

Joy Kuebler, ASLA, Joy Kuebler Landscape Architect, PC

Emily O'Mahoney, FASLA, Gentile Glas Holloway O'Mahoney & Associates, Inc.

The ASLA Professional Practice Committee created [The Landscape Architect's Guidelines for Construction Contract Administration](#), a free ASLA member resource, with the intent of providing information, knowledge, and guidance to a sometimes unfamiliar and misunderstood facet of the profession. These guidelines reflect the breadth of construction contract administration services but are targeted toward tasks that are primarily landscape-architectural in nature and would routinely be overseen by a landscape architect.

Resources

Construction Management Software
