

PPN 2018 IN REVIEW

American Society of
Landscape Architects

In 2018, ASLA's 20 Professional Practice Networks (PPNs) provided excellent opportunities for professionals in the same areas of practice to exchange information, learn about current practices and research, and network with each other—both online and in person at the ASLA Annual Meeting. Thank you to those who shared experiences on *The Field* blog and shared their expertise as Online Learning presenters!

PPN LIVE IN PHILADELPHIA

During the **ASLA Annual Meeting and EXPO** in Philadelphia this October, PPNs hosted presentations, panel discussions, and informal Q&A during events in PPN Live, located on the EXPO floor. Meeting attendees had numerous opportunities to network with colleagues from all 20 of ASLA's Professional Practice Networks (PPNs) through participating in the PPN meetings that took place in PPN Live and attending a PPN-focused exhibitor tour of the EXPO floor, offered for PDH.

ASLA 2018 ANNUAL MEETING AND EXPO HIGHLIGHTS

MEETINGS IN PPN LIVE

PPN meetings, including three collaborative joint PPN meetings, took place on October 20-21, drawing nearly 700 participants to PPN Live on the EXPO floor. PPN events were open to all attendees where they were able to meet fellow PPN members and explore different practice areas. The Women in Landscape Architecture PPN and the joint meeting of the Campus Planning & Design and Landscape—Land Use Planning PPNs both drew approximately 100 attendees each.

PPN EXPO TOURS

ASLA offered attendees the opportunity to network with PPN peers and product exhibitors in a PPN show floor tour designed to highlight PPN topic areas. Participants learned about exhibitors' design solutions in tours led by subject-matter experts. Each one-hour tour included four presentations by various exhibitors. Participants were able to earn 1.0 PDH for each tour!

EXPO EDUCATION

New in 2018, four PPN leadership teams curated and presented education sessions in PPN Live, each providing one professional development hour (PDH). We look forward to building upon our education program for the ASLA 2019 Conference on Landscape Architecture in San Diego.

ASLA Online Learning Student & Emerging Professional **SPOTLIGHT** mini-series

ASLA was excited to continue the **Online Learning Student & Emerging Professional SPOTLIGHT mini-series**, for a third consecutive year. SPOTLIGHT gives Student and Associate members the opportunity to work with experienced Professional Practice Network (PPN) mentors in creating a presentation for ASLA's Online Learning series. Special thanks to our presenters for sharing their eye-opening research, and to our dedicated PPN mentors for their

Be on the lookout for the 2019 call for proposals - open in spring 2019!

We look forward to getting a glimpse into the future of the profession through your ideas and knowledge sharing with your fellow landscape architecture professionals!
