Proposed Project Concept:

- 1288 parking spaces in structure
- 12 entry points consolidated to 4
- 3.8 acres of green space restored

Master Plan Implementation

- Creates an iconic entry point
- Anchors future development opportunities
- Allows for controlled access & security at major entry points
- Consolidates disparate entry points
- Allows for stronger communication of conservation message
- Simplifies & eases circulation
- Improves back of house/service access

HOW DID YOU ARRIVE AT THE ZOO TODAY?

Private Car 26%

Public Transportation 51%

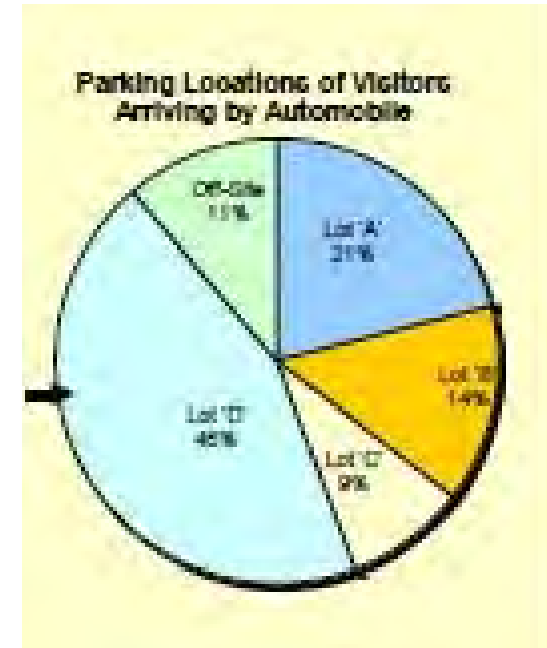

Walk/Bike 22%

Tour Bus 1%

A photograph of a tree-lined walkway with people walking. The scene is bright and sunny, with lush green trees lining both sides of a paved path. Several people are walking away from the camera, and some are looking back. In the background, there are buildings and a statue. The text "Thank-you!" is overlaid in large, bold, black letters across the center of the image.

Thank-you!
