

PPN Transportation

Professional Practice Network Update

Dear Transportation PPN Members,

We hope you will join us in San Diego for the [ASLA Annual Conference on Landscape Architecture](#) next month. As the premier annual gathering of landscape architects, the conference offers the opportunity to network with experts and other peers and learn about the latest advancements in planning, design, and implementation for a wide variety of project types, including transportation projects.

When: November 15-18, 2019

Where: San Diego, CA

Advanced Rate Registration Deadline: Wednesday, October 16, 2019

This year's conference will feature several education sessions on transportation topics, including:

- [FRI-A10 - Manassas Street, A Tactical and Artistic Urban Street Transformation in Memphis](#)
- [FRI-B10 - Kennedy Greened: A Streetscape Planned, Designed, and Now Built!](#)
- [SAT-A11 - Resilient Streets: Expanding Public Realm and Mobility](#)
- [SUN-B10 - Challenging Cultural Norms: Transportation, Art, and Placemaking in the American South](#)
- [MON-A08 - A Design Framework for Livable Streets in the Era of Autonomous Vehicles](#)

In addition, we will host our annual [Transportation PPN Meeting](#) in the EXPO's PPN Live space on November 16, where you can come talk with us about the latest issues and advancements for landscape architects in the transportation industry.

We're also happy to share additional updates that you may be interested in:

Introducing ASLA's Advocacy Efforts to Support Transportation for All and Universal Design

The Transportation PPN has joined with ASLA's Government Affairs team to coordinate and promote safe, equitable, and sustainable transportation policies at the Federal and Local level. We are pleased to introduce ASLA's [Transportation Planning for All](#) resource page to assist practitioners and policymakers with references and best practices regarding key issues in transportation today. We are also pleased to introduce ASLA's new [Universal Design](#) resource guide, including a dedicated section for [Universal Streets](#) with a summary of the latest research and best practices to design transportation infrastructure suitable for everyone.

Transportation PPN Quarterly Listings

Our quarterly PPN emails share relevant opportunities, events, and other information with our members. If you hear of any additional information you'd like to share with the PPN, please send it to propractice@asla.org so that it can be included in the next email.

Call for Webinar Proposals for TRB's Standing Committee on Landscape and Environmental Design (AFB40)

ASLA's Transportation PPN is proud to coordinate with the Transportation Research Board (TRB) [Standing Committee on Landscape and Environmental Design \(AFB40\)](#). They are seeking proposals for educational webinars. Please submit your [webinar proposals](#) by **Tuesday, October 15, 2019**. Webinars should connect to one or more of the TRB critical issues. Refer to the [Critical Issues in Transportation 2019](#) publication to review TRB's perspective on these issues, which include:

1. Transformational Technologies and Services
2. Serving a Growing and Shifting Population
3. Energy and Sustainability
4. Resilience and Security
5. Safety and Public Health
6. Equity
7. Governance
8. System Performance and Asset Management
9. Funding and Finance
10. Goods Movement
11. Institutional and Workforce Capacity
12. Research and Innovation

For more information about webinar best practices, please watch the [tutorial](#).

ASLA Advocacy

The [ASLA iAdvocate Network](#) provides you with the information and tools you need to quickly and effectively communicate with your policymakers about issues important to

you and to the profession. [Sign up today](#) to receive email alerts from ASLA. With a few clicks, you can send a message to your Senators and Representative and make your voice a part of ASLA's advocacy efforts. Your support is needed today on the legislation listed below:

[Pennsylvania: Take Action to Support Park Protected Bike Lanes!](#)

The PA Vehicle Code needs to be amended to move vehicles away from the curb, allowing bike lanes between parked cars and the sidewalk. This simple and safe design preserves parking space while separating bicyclist from moving traffic.

Upcoming Conferences

[Intelligent Transport Systems \(ITS\) World Congress](#)
