

2020 HALS Challenge

Vanishing or Lost Landscapes

The **Historic American Landscapes Survey (HALS)** was created in 2000 to document our country's significant landscapes. Much progress has been made in identifying cultural landscapes but more work is needed to document these designed and vernacular places.

For the **11th annual HALS Challenge**, we invite you to document vanishing or lost landscapes. Many historic American landscapes are under threat or have been lost. Threats include development pressure, neglect and climate change.

By documenting vanishing or lost historic landscapes for HALS, you may increase historic landscape awareness with your local governments and preservation commissions by illuminating these almost forgotten vestiges of America's past.

People from every state are hereby challenged to focus their 2020 vision to complete at least one HALS *short format history* to document vanishing or lost landscapes.

HALS CHALLENGE TIPS AND RULES – *New Since 2017*

CONTACT YOUR HALS LIAISON

Please contact your state ASLA Chapter's volunteer HALS Liaison if possible when you have selected a site to document for the HALS Challenge to be sure no one else is already preparing a HALS historic report for it. HALS Liaisons' contact information may be found by clicking the orange HALS Chapter Liaisons tab on the following website: <http://asla.org/HALS.aspx>. If your chapter's volunteer HALS Liaison position is vacant, please consider volunteering yourself or suggesting it to a colleague who may be interested.

THE HALS SHORT FORMAT HISTORY TEMPLATE

Please do not stray from the formatting supplied in the **updated** HALS Short Format History Template. This digital template is intended to maintain consistency among all donated HALS short format historical reports and simplify the process for you. The template is a table, and you may enter text and graphics in the appropriate cells. You may insert additional rows as necessary depending on the amount of graphics/captions. There is no need to add "section breaks." Please delete the provided instructions from the template as you go.

Please submit your final report(s) in MSWord Format (not PDF). If your file is too large for email please use a service like Google Drive, Hightail, or make arrangements with the HALS office to use the NPS ftp site.

THE HALS COPYRIGHT RELEASE FORM

Materials must be copyright-free to be included within the Library of Congress collection. The HABS/HAER/HALS collection is in the public domain, therefore, the authors/delineators, although given credit for their work, do not retain copyright. Completed copies of our HALS Release and Assignment Form(s) must accompany all donated HALS histories to cover you the historian(s) (author) and your accompanying existing conditions photographs with captions included in the report, if any. **HALS Challenge entries will not be accepted without a digitized or paper copy of our release form, hand-signed by the primary author of the report!!!**

REPORT GRAPHICS & COPYRIGHT

No more than ten (10) digital photographs may be included at the end of each HALS Challenge entry. These may ONLY consist of digital, existing-conditions photographs taken by the author(s) of the site being documented. Your research should still include analyzing historic drawings and photos of the landscape you are documenting. Historic graphics are often the most important primary source for analytically writing about a historic landscape. Due to complicated and frustrating copyright restrictions, we are banning the reproduction of all historic graphics within HALS Challenge entries. Historic graphics may still be referenced and described in the text with their repository source named. A thoroughly written analysis is even more useful to readers than a reproduced copy of historic graphic itself, and all copyright issues may be avoided. This is a writing competition!

If you have any questions about how to use the template or regarding copyright issues, or site selection please contact Chris Stevens, NPS-HALS, chris_stevens@nps.gov
