

Job Title: Landscape Architect

Location: Tampa, Florida

Job Description:

David Conner + Associates is a 20-year young, Award Winning Landscape Architectural firm located in the hot bed of new urban development, Tampa, FL. Always on the lookout for exceptional talent, today we are more focused on a need to expand our creative team. This notice is part of our effort to add 2-3 people in the next 3-5 months.

At David Conner + Associates we focus our energies on doing exceptional work for exceptional clients. The firm is experiencing growth in each of our design markets and it is time to expand our team of talented designers and project managers. Our objective is to add persons who can provide immediate contributions to the firm in the areas of creative design, horticulture, construction detailing, materiality, furnishings design, artist collaboration, and construction administration. We are interested in talking with prospective project managers, designers, landscape architects, construction administrators and entry level graduates. Projects include new urban infill development, campus environments, hospitals and healthcare facilities, urban retail, parks and civic spaces, transportation, and fine homes. The firm values experience as well as fresh ideas. Everyone is challenged to contribute to the design process with constructive input and thought. Thereby, as a team, the firm delivers great results.

About Tampa:

Our studio occupies a portion of an historic textile building in downtown Tampa, Florida. If you are unaware, Tampa is going nuts. Our amazing weather, access to nature, beautiful waterfront and beach scene, low taxes, affordable cost of living, professional sports, fishing, and a fast-growing arts and architectural scene is now being noticed by the rest of the world. Today, the city is experiencing more growth than ever before. Think of San Diego, Seattle, or Denver 20 years ago. But unlike many places around the country, in Tampa you can buy your own home, afford to raise a family, and make a decent living. Check out these links to learn more about our great city.

Interested in joining our team?

Send us a single .pdf file including a **cover letter** and **examples of your work**. Please keep the maximum file size below 10Mb. A couple of tips about our hiring process:

If you decide to send us your credentials, we will respond to you with a kind note telling you we received it and will get back to you if we need more information. It may take some time to fully evaluate each applicant, so feel free to follow-up with a call or email.

We believe selecting the right team member is critical to our success and your happiness. We want to know about you, what makes you tick, how you think and how you will fit in to our office. We see adding staff as growing our family so it is important that we get to know each other. The process takes a little time but we believe it is worth it for you and for us to make sure this is a good fit.

Finally, we love having a diverse group of people as part of our team. We are a small firm with lots of amazing work. Working as part of the team will provide you with the opportunity to contribute to major public space projects in a meaningful way. In exchange for your hard work, we will provide you with a decent and stable living. We accept resumes from anywhere, but expect applicants from outside the state of Florida to interview in our office and, if necessary, relocate for the position. Limited assistance is available for travel and/or relocation. Please respond accordingly.

Software programming that is integral to our work includes:

- Land F/X
- AutoCAD
- Rhino
- Photoshop
- In-design
- Illustrator,
- Bluebeam
- Sketch-up
- Office Word and Excel.

Desired Qualifications:

- Bachelors of Landscape Architecture, minimum
- 2-5 years of relative experience
- Knowledge of Florida planting and vegetation
- Desire to deliver high-quality, well-designed, and practical work

Qualified individuals should submit their resume and portfolio to jobs@dconnerassociates.com.
