

Horticultural Specialist/ Field Director

Newport Beach, CA

We're seeking a highly motivated, self-starter experienced in horticultural design/field services/art direction to work on world-class retail, residential, multi-family, mixed use, hotel and integrated casino resort projects.

Candidate must:

- Have a degree in Landscape Architecture, ornamental horticulture or equivalent hands-on field experience, minimum 5+/- years' relevant experience, enthusiastic and passionate about planting design.
- Have ability to create and oversee the installation of exceptional garden environments and emulate the company's well known vision of excellence.
- Be able to coordinate with contractors in the field, and adapt to a variety of environmental and thematic considerations.
- Have a solid, working knowledge of plant material.
- Have ability to travel domestically and internationally.

Firm provides:

- A dynamic work environment with possibility for professional advancement.
- Full medical, vision and dental coverage
- Generous vacation package
- Optional 401k plan

Please send resume and salary history via email to Donna Hess at donna@lifescapesintl.com. Please, no calls.
