

SE Group has an opening for a staff level landscape architect with 0-3 years of experience to join our Burlington, VT office. We are a small, nationally recognized company with offices in strategic locations throughout the US – allowing us to focus on core markets and purpose. We provide design, planning, permitting, and strategic consulting services focused toward outdoor recreation, mountain communities/lifestyle, and tourism. Recognized as industry leaders in our core markets, we work on high profile and rewarding projects.

The Burlington office is a highly engaging and dynamic studio of landscape architects, designers, and planners. Located in downtown Burlington surrounded by Lake Champlain, the Adirondack Mountains of NY and the Green Mountains of VT, we draw inspiration from our surroundings. We work and live where we love to play.

SE Group will turn 60 years old in 2018; quite a milestone for a small firm. This success can be attributed to our core values – passion, clarity, balance, trust, innovation - and the belief that our employees are our greatest assets. We offer a competitive benefits package including paid health and dental, access to 401k, vacation and excellent career development opportunities. For more information about SE Group, visit our website at www.segroup.com.

We are looking for a team member that shares our same core values and has the following professional skill set: the ability to work on a team or independently on technical detailing, grading, construction documentation and design projects; be highly capable of creative of critical thinking; must be able to communicate graphically and verbally, and is highly skilled in 3d modeling/graphic presentation. This position requires proficiency in design and documentation using AutoCAD, Adobe Suite, Microsoft, and 3D visualization software. A passion and interest in outdoor recreation and rural living is a plus.

Please submit your portfolio and work experience in electronic format for consideration to klamonde@segroup.com
