

July 27, 2017

Johnny Steele Design is looking for a senior landscape architect to join our Houston office, located in the Greater Heights area. At Johnny Steele Design, we are dedicated to our craft and have the desire and commitment to think out of the box while respecting the land, climate, and surrounding architecture.

Desired Qualifications:

- + Undergraduate or Master's degree in landscape architecture from an accredited landscape architecture program
- + 2 - 4+ years of design experience, preferably with a design / build landscape architecture firm.
- + Landscape architecture license or ability to obtain reciprocity
- + Project experience in Houston and Southeast Texas
- + Client management experience
- + Well-developed problem-solving and communication skills
- + Technical expertise in site planning, conceptual design, construction documentation, and presentation graphics
- + Excellent freehand and digital drawing skills

What you can expect from us:

A dynamic studio environment that encourages designers to provide input on every aspect of a project.

A wide variety of projects, ranging from small townhome courtyards to rural ranch estates.

Competitive compensation that matches the applicant's level of experience.

Please send your resume and portfolio, or link, to leannew@johnnysteel.design.
