

Landscape Architect (Entry Level) | Dallas

LandDesign is seeking an entry level Landscape Architect to join our Dallas, Texas office and become a part of a creative and collaborative team as our firm continues to grow. The candidate should possess exemplary design and communication skills with the ability to clearly and concisely illustrate design intent. With our Dallas clientele demands, the right talent for this dynamic market must be able to thrive in a fast-paced environment.

LandDesign offers award-winning urban design, planning, branding, civil engineering, and landscape architecture solutions to public and private sector clients across the globe. With offices across the United States, the LandDesign team effectively brings innovative, buildable, sustainable, and ecologically responsible projects to life worldwide.

REQUIREMENTS

- Bachelors Degree in Landscape Architecture or comparable field from an accredited university
- 0-2 years experience
- Planting design proficiency and knowledge of sustainable planting techniques in the Texas market
- LEED accreditation or sustainable design focus greatly valued
- Experience in master planned communities, urban design, entitlement and permitting process, and construction documentation a plus
- Must demonstrate excellent writing and oral presentation skills
- Enhanced 3D modeling skills; experience with SketchUp, Lumion and Revit a plus
- Strong collaborator
- Strong design and critical thinking abilities

For an opportunity to join a progressive company with expert designers dedicated to creating sustainable, livable places, please submit a cover letter, resume and provide a design portfolio which presents your range of skills and project experience through our website: www.landdesign.com/careers

LandDesign offers a competitive compensation and benefits package including medical, dental, life, 401(k) and other great benefits.
