

Studio Outside is now accepting resumes and portfolios from landscape architects and designers to fill one position that requires a minimum of three (3) years of experience in residential design who are available for immediate work in Dallas, Texas. A Bachelor's or Master's degree in Landscape Architecture from an accredited university is required. Final title within the company to be commensurate with experience of the successful candidate.

Outstanding design skills within a collaborative environment are especially important for this position. The successful candidate for the position will have a firm foundation in:

- Design Skills
- Design graphic skills and support documentation
- Computer applications (AutoCAD, Microsoft Office, Adobe Creative Suite, Sketchup or other modeling programs)
- Aiding in the execution of construction documents

The individual will work with principals, associates, and project leaders in the office to collaborate on a variety of residential and institutional projects.

Studio Outside is an award winning landscape architectural practice located in the Deep Ellum District of Dallas. The studio team has more than 35 years of experience throughout the United States and overseas. Current commissions are approximately split with half of our work around Texas and half around the country. Visit www.studiooutside.us for a comprehensive cross section of our diverse practice. Please also visit our blog at www.blogoutside.com for more information on office interests and ongoing activities.

Studio Outside offers a half-day Friday schedule, and opportunities to grow professionally with the office and toward your personal goals. Studio Outside strongly supports all employees to become licensed and gears studio experience toward achieving that goal.

Please provide a portfolio and resume materials (hard copy or email is acceptable) to info@studiooutside.us.
