

**Program Manager
Philadelphia, PA**

The Trust for Public Land creates parks and protects land for people, ensuring healthy, livable communities for generations to come. We have an opening in our Philadelphia office for a Program Manager. This position is responsible for managing the design and construction of parks and playgrounds in partnership with the Philadelphia Parks and Recreation Department and other local partners and will organize community-led participatory design sessions and manage outside consultants and contractors throughout the design and construction process.

The position requires 3+ years of experience in community development, urban design and/or construction management; excellent oral and written communication skills; a Bachelor's degree in architecture, landscape architecture, urban planning and/or certification in construction management, a Master's degree preferred; experience in design and construction management, environmental assessment, and remediation; experience orchestrating a collaborative design process with a diverse group of stakeholders; and urban park development experience. A full job description may be found www.tpl.org.
