

Job Posting: Landscape Architect/Designer

Category: Landscape Architect

Experience: Mid-level, 2-4 years

City: Allendale

State: New Jersey

Education Requirements: Minimum – Bachelor's Degree in Landscape Architecture

Borst Landscape and Design located in Allendale, NJ (Bergen County), is currently looking for an experienced landscape designer to join our landscape design team. We are looking for an individual who can design and sell landscape projects to high end clients. Applicants must enjoy client interaction and have the ability to bring their plans from inception to installation. Candidate must possess strong skills in AutoCAD, Sketchup and all Adobe programs.

A competitive salary and benefits package will be provided.

If you are ready to accelerate your career and grow with our company, email your resume to info@borstlandscape.com.

Borst Landscape & Design is a nationally recognized, award-winning, full-service landscape design company in Bergen County, NJ. We offer landscaping services in northern New Jersey from site design plans by one of our design professionals, to yearly organic lawn fertilization and maintenance programs, to custom masonry.
