HOLLANDER*design* Landscape Architects is currently interviewing for the following positions:

Landscape Architect/Landscape Designers with 3-5+ years experience:

New York, NY

Hollander Design is currently seeking skilled designers with 3-5 years of professional experience. Applicants with experience in high-end, single family residential design will be prioritized. Applicants should be organized, self-sufficient, creative individuals who possess the ability to critically analyze and provide thoughtful improvement to their own work.

Applicants should understand and have experience in the design process from schematic design through construction documentation and implementation. A working knowledge of plant material is preferred, although not required. Applicants should be highly organized and have strong written and verbal communication skills.

Applicants should be confident in their hand rendering abilities, AutoCAD v2013, Adobe Creative Suite, and Microsoft Office Suite. Experience with Sketchup, Rhino, Lumion or other 3-D rendering programs is preferred, although not required.

We are looking to hire for the position immediately.

Please email resume and project examples to the attention of seich@hollanderdesign.com. Please indicate the position you would like to be considered for in the subject line.

Send portfolio and resume as .pdf attachments (max. 10MB); not as a link to an outside site.
