Engineering

Landscape  
Architecture

Entitlements

**Title:** Mid-level Landscape Architect  
**City:** Austin  
**State:** Texas  
**Experience:** 3 + years

**Description:** Consort, Inc. currently has an immediate opening for a mid-level landscape architect/project manager (3 + years' experience) in Austin, Texas.  
Applicants should demonstrate strong design, illustration skills and broad technical knowledge of construction documentation including: site design, planting design, grading, materials and drainage.

**Education:** Undergraduate or masters degree in Landscape Architecture from an accredited university required. LEED accreditation preferred.

**Skills Required:** Proficiency in AutoCAD, Adobe Creative Suite, Sketchup and Microsoft Programs including Microsoft Project.

Opportunities exist to work on a variety of projects including retail, industrial, office, hospitality, financial, restaurants and mixed-use. Unique regulatory, design and construction challenges will require out-of-the-box solutions in this fast-paced environment.  
**Benefits:** Competitive salary and benefits package including SEP Retirement Plan, Paid Vacation, Sick Time and Holidays, Medical Insurance and Flex Spending Program.

**About:** Consort, Inc. has three decades of history in providing high quality multidisciplinary services in planning, civil engineering, landscape architecture, site evaluation, land entitlement and regulatory advocacy.
