

Planner

Office of the University Architect
Texas A&M University
College Station, TX

The Office of the University Architect at Texas A&M University is accepting applications for the position of Planner. Information about the Office of the University Architect can be found at <http://universityarchitect.tamu.edu/>.

This mid-level Planner position will be under the supervision and direction of the University Architect. The Planner will be responsible for: supporting the planning, landscape architecture and conservation efforts to preserve and enhance the built environment at Texas A&M University; ensuring development and changes to built environment encompass an integrated approach toward long-term sustainability and management of architectural, environmental, cultural and land resources; assisting in monitoring and coordinating the development and management of the Campus Master Plan; and verifying proposed campus projects are in compliance with TAMU design guidelines.

Applicant Requirements:

- Bachelor's degree in Urban Planning, Landscape Architecture, Architecture or closely related field or any equivalent combination of education and experience.
- Six years of experience of planning and design of construction projects.
- Knowledge of the principles and practices of planning in specific areas such as transportation, land use and programmatic/architectural planning.
- Knowledge of the principles and practices of planning in general areas, such as land use suitability, site analysis and urban design. Knowledge of campus planning and current developments in planning including social and environmental considerations.
- Experience in the planning and design of construction projects.
- Knowledge of local, state, and national building codes and regulations.
- Working experience and ability to operate files in: AutoCAD, Adobe Photoshop, Adobe Illustrator, SketchUp and Microsoft Office.
- Ability to work independently with limited supervision. Self-starter with initiative to function in a self-created, fast paced environment with attention to meeting tight schedules.
- Applicant should demonstrate excellent written and oral communication skills, ability to lead and work in teams, and be able to present and communicate complex planning concepts in written, oral and graphic form to a variety of audiences.
- Ability to multi-task and work cooperatively with others.
