

MPLA studio is seeking creative and organized individuals to join our North Fork design studio. We are currently hiring for the following positions:

LANDSCAPE ARCHITECT:

Experience in high-end residential landscapes from conceptual design through construction documentation and project management preferred. Strong organizational and communication skills are a must. Proficiency in AutoCAD, Microsoft Word, Excel required. Adobe suite and Rhino/Sketch up a plus. BLA/MLA required.

HORTICULTURIST:

In-depth knowledge of plant material (specifically Long Island natives), and best horticultural practices. Position will include site visits and during implementation and site inspections to review maintenance practices and overall landscape health. Experience with organic property care and irrigation monitoring required. Strong observational skills are essential! Experience with natural landscapes, including meadows a plus. BA or MA in Horticulture or related field preferred.

CONTACT:

Full-time or part-time positions available w/ benefits including vacation and 401K. All levels of experience will be considered.

Interested candidates should forward resume, portfolio and references to mail@mplastudio.com
