

DANGORDON

LANDSCAPE ARCHITECTS

Entry Level Landscape Designer (0 - 3 years of experience)

Dan Gordon Landscape Architects is currently seeking a skilled entry level landscape designer with 0-3 years of professional experience to join our studio. Candidates should be highly motivated, passionate individuals who have an eye for details and willingness to collaborate.

Primary responsibilities for this position will include the preparation of schematic packages, development of construction documents, as well as the creation of both computer and hand-drawn graphics. Landscape designers at DGLA can also expect to gain valuable experience in the field, both during design and through construction administration. Working efficiently to solve design challenges, the ability to clearly communicate design ideas will be necessary.

Qualified candidates for this position will have proficiency in AutoCAD, Adobe Creative Suite, and Microsoft Office Suite. Those that possess strong hand drawing skills are preferred. Experience with Sketchup, Lumion or other 3-D rendering programs is a plus, but not required.

DGLA offers competitive salaries with a comprehensive benefits package. We provide a creative, friendly work environment with opportunities to become an integral part of a growing team. For more information about DGLA please visit: www.dangordon.com

Educational Requirements: Accredited Bachelor or Master's degree in Landscape Architecture

Qualified candidates should submit a single PDF file which includes a cover letter, résumé & portfolio to Patrick Taylor (pt@dangordon.com). The file size should not exceed 15 MB.
