

Landscape Architect (Experienced) | Dallas

LandDesign is seeking an experienced Landscape Architect to join its Dallas, TX office and become a part of a creative and collaborative team as our firm continues to grow. The chosen candidate will be a conceptual designer with expertise in master planning and site design that can take projects from inception throughout the construction details.

LandDesign offers award-winning urban design, planning, branding, civil engineering, and landscape architecture solutions to public and private sector clients across the globe. With offices across the United States, the LandDesign team effectively brings innovative, buildable, sustainable, and ecologically responsible projects to life worldwide.

Requirements:

- Bachelors or Master's Degree in Landscape Architecture or comparable field from an accredited university.
- Strong hand graphic skills and the ability to communicate design through hand drawings
- Experience in project management, client relations and project team collaboration.
- Experienced and proficient designer with expertise in master planned communities, urban design, entitlement and permitting process, and construction documentation including grading and construction detailing.
- Must demonstrate excellent writing and oral presentation skills
- Must be proficient in AutoCAD and Adobe Suite; SketchUp is a plus
- Enhanced 3D modeling skills -a plus (3D Max, REVIT and other BIM Systems)
- Ability to adjust to dynamic project priorities
- Strong Collaborator
