

LUTSKO ASSOCIATES **LANDSCAPE**

3295 Misson Street | SF | CA 94110

415.920.2800

Description: **Landscape Architect Designer**

Location: San Francisco, California

Experience Required: 0-3 years

Firm:

Lutsko Associates, an accomplished design oriented firm of 10-14 professionals, focuses on contemporary issues involving culture, art and ecology. We are looking for innovative people with strong academic credentials and an interest in a rigorous approach to these design topics. The office is run in an informal open studio format, with a given team working on all aspects of a project from inception to completion. Our current work includes residential, public/institutional and rural/agrarian projects.

You may visit our website at www.lutskoassociates.com for more information.

Position:

Desired candidate will demonstrate a strong architecturally-oriented design approach and an understanding and sensitivity to the environment. Technical, organizational, and project management skills are required, as is proficiency in AutoCAD. It is important to be self-motivated yet open and receptive to a team approach. Specific experience in design development, construction documents and an understanding of - and interest in - materials is a necessity. An understanding of the theoretical and historical basis of Architecture and Landscape Architecture is highly valued. Position is available immediately.

Educational Requirements:

Professional degree in Architecture or Landscape Architecture. Graduate degree preferred.

US Citizens and Green Cards only. Preference to hire candidates already in California.

Skill Requirements:

0-3 years of design and drafting experience in a Landscape Architecture studio. Office experience highly valued.

AutoCad 2016, Sketchup, MS Office, Adobe CS

Contact:

Please email or mail resume and work samples to Lutsko Associates. *No phone calls please.* Email resumes and portfolio as attachments to mail@lutskoassociates.com. Physical materials will not be returned.
