Description & Details

Senior Landscape Architect to Open New Florida Location

NAK Design Strategies specializes in urban design, land planning and landscape architectural consulting. We have offices located in Toronto, Ottawa and Calgary. Our company mission is to provide our clients with an 'integrated' approach to community planning and design – one that involves sensitive and responsive design solutions balanced with innovative and progressive implementation practices.

We are currently seeking an entrepreneurial minded Senior Landscape Architect to establish and manage a new office in Orlando, Florida. In this position, you will work to build a skilled and integrated team assisting with the completion of design, planning and construction administration services for a variety of landscape architectural projects across Florida and in other parts of the US.

Responsibilities

- Urban design and visioning
- Landscape architectural design including preparation of contract documents, tender and contract administration services
- Project management and coordination
- Business development initiatives
- Lead proposal preparation and co-ordination with the head office marketing department
- Liaise and interact with other offices and clients
- Hiring, training and management of staff
- Project billings and project profitability

Qualifications

- Minimum 5 – 10 years of professional design experience
- BLA, BSLA or MLA degree
- Florida RLA License
- Superior design and technical knowledge
- Outstanding organizational skills
- Entrepreneurial
- Excellent knowledge of the Florida market
- Team player
- Excellent verbal, written and interpersonal skills
- Previous business development experience is an asset
- A desire to grow a dynamic, creative team of landscape architects, urban designers and planners
- Strong leadership, negotiation and customer relationship skills
- Previous experience working with local towns/cities/counties and with private developers

How to Apply / Contact

Required Application Documents

- Cover letter / letter of introduction and interest
- Professional reference with contact information
- Resume
- Portfolio of work or link to online portfolio
