

# Entry Level Landscape Architect

Experience: 0-4 years

Location: Pittsburgh, PA

## About:

AE7 Pittsburgh is a multidisciplinary, architecture, interior design, landscape architecture and master planning firm located in Pittsburgh's vibrant Strip District. Throughout our seven offices worldwide, AE7 provides an unparalleled commitment to design excellence on all projects, small or large. From conception of a project idea to construction, our team of innovative designers bring the visions of the client to life. Our designs focus on the intricacies and the successful interweaving of architecture, site, people, programming and function, connecting each project to its unique surroundings and context.

## Description:

We are currently seeking talented, design oriented candidates to fulfill entry level positions in our Pittsburgh landscape architecture studio. Candidates should be highly motivated individuals who have an eye for design, willingness to collaborate and flexibility to adjust to changing project needs. Work will be comprised of international and/or domestic projects.

## Responsibilities:

- Work on entry level assignments to develop professional work knowledge and abilities
- Prepare concept, schematic, design development and construction documentation in collaboration with design team
- Prepare general landscape construction detailing, grading and documentation
- Develop graphic presentations including plan, section, 3-dimensional renderings and design reports
- Prepare hand sketches and diagrams to illustrate design intent
- Participate in coordination meetings with clients, consultants and team members
- Participate in office activities, initiatives and learning development programs

## Requirements:

- Bachelor's or Master's degree from LAAB accredited Landscape Architecture program
- Strong design skills and attention to detail
- Ability to work both independently and collaboratively in a multi-disciplinary studio environment
- Positive attitude and good interpersonal skills
- Ability to convey designs in both hand sketch and digital form
- Effective verbal and written communication skills
- Proficient in: AutoCad, Adobe Creative Suite, Sketch-Up
- Experience in additional platforms is a plus (including, Rhino, Lumion, ArcGIS, Civil 3D and Revit)

AE7 offers competitive compensation (based on experience) and benefits package including; medical, dental and life insurance and 401(k) program.

Qualified candidates should electronically submit a single PDF which includes a cover letter, resume and portfolio to [HR.Pittsburgh@ae7.com](mailto:HR.Pittsburgh@ae7.com) with the job title "Entry Level Landscape Architect" in the subject line. All submissions should be under 10MB with the applicant's name in the filename. To learn more about AE7 please visit <http://ae7.com/>
