

Us

RHAA is a 31-person landscape architecture firm with offices in Mill Valley and San Francisco. We are a team-based firm that values professional growth, work-life balance, and a friendly, open-office environment. Our projects include high profile urban spaces, parks and recreation, retail and civic centers, multi-family residential communities, campus planning and medical facilities, memorials, art programming, and green infrastructure.

You

We are currently seeking a project manager with 5+ years of experience, for an immediate, full-time position in our Mill Valley office. Candidates should be passionate about design and motivated to make an impactful difference in this profession. They should have interest in team-based, collaborative work, innovative and creative design ideas, strong organizational skills, and strong communication skills

How you can help us

Project Managers at RHAA are involved from concept design through construction documentation. At various times, responsibilities will include:

- o Managing the design, documentation and budget of a project through all phases of the design process
- o Technical design, technical review, QA/QC
- o Interfacing with operational firm needs
- o Project presentations
- o Assisting with and overseeing the preparation of presentation graphics and materials
- o Research and development of planting palettes and landscape materials.
- o Assisting other teams as required

Important software skills:

AutoCAD (current)
Sketchup
Adobe Creative Suite
Microsoft Office

Additional sought-after skills:

Revit
Rhino
Irrigation design
California plants

How we can support you

Our benefits include a flexible work schedule, 401K, profit sharing, medical, dental and more. We also offer an educational fund that activates after a year of service. We support and encourage our professionals to seek and learn about themselves and the design world around us. A better you is a better us. See our website at www.rhaa.com.

Reach out
