Landscape Architect Position – Pittsburgh Office

Strada, a cross-disciplinary design firm, is seeking a passionate and creative, licensed **Landscape Architect** to support urban and campus planning efforts and landscape design. Master of Landscape Architecture a plus but not required, and a minimum of eight years of experience in commercial Landscape Architecture. Strada is a design focused, team environment where architects, landscape architects, planners, collaborate with interior designers, exhibit designers, and graphic designers to create exceptional places.

Strada covets individuals with diverse and/or complimentary higher education and work experience, excellent communications skills, and the ability to thrive in a Team environment. Skilled facility with BIM and digital design, free hand sketch and drawing skills are a plus. Experience with zoning, land use and community engagement are an important part of our collaborative place making process.

No entry level applicants will be considered, minimum 8 years' practical experience. Please submit portfolio, resume, and a letter of interest that communicates why you are the right team member for Strada and any other information you believe is important. Please submit your CV and portfolio through our web site www.stradallc.com.
