

**Landscape Architect - Oakland
IMA DESIGN GROUP**

ima, with offices in Newport Beach, Oakland, Beijing and Dubai, has built an international portfolio of landscape architecture designs for public and private clients. We have built our business on pushing the boundaries to create the right solution. We thrive in collaboration and believe that the right design is a balance between vision and reality. We strive to find this balance in a design that can transcend the value for our client to enhance the community experience.

ima has a rich history of implementing sustainable development solutions in all facets of our landscape architecture and urban design projects. We have worked extensively with community stakeholders as well as government agencies in achieving the common goal for a sustainable community. Our design solutions are predicated upon our belief that sustainability should be an inherent part of any development.

We are looking for a Project Landscape Architect for our Oakland Office with the following attributes:

- Strong sense of design
 - Eye for form & composition
