

## **Job Summary**

**Experience:** Entry Level/Mid-Level (0-5 years)

**City:** Fort Myers

**Education Requirements:** Minimum Bachelors degree in Landscape Architecture

**Travel Required:** Limited (project/office-related travel)

**Description:** Morris-Depew Associates, Inc. is offering immediate availability for a full time entry-level Landscape Designer position. Applicants should have 0-5 years of work experience in landscape design or related field. Responsibilities include all professional aspects of landscape project design including: assisting the project team with analysis, design development, and production of permit and construction documents. The desired candidate will also assist with construction related efforts such as project budgeting, scheduling, inspections and administration. Applicants must also be able to contribute to project renderings and graphic design projects. The candidate is expected to possess a variety of artistic skills with both hand graphics and digital rendering skills for the production of illustrative master plans, perspectives, elevations, sections, etc. The ability to work independently and in a team with strong analytical, oral and written communication skills and exceptional time management is required. Must have a desire to work on periodic planning assignments in addition to working on landscape architecture projects.

Morris-Depew Associates, Inc. is a full-service land development consulting firm, specializing in Planning, Landscape Architecture, Civil Engineering and Surveying. Headquartered in Fort Myers with branch offices in Tallahassee and Destin. The Morris-Depew Team offers multi-disciplinary expertise founded on honesty, intelligence and a commitment to our team. We share pride in the Company and respect each individual's contribution at every level.

Interested candidates should send a cover letter, resume and relevant portfolio/work samples to [resume@m-da.com](mailto:resume@m-da.com).
