

## LANDSCAPE DESIGNER - Sacramento, CA

Mark Thomas is looking to add a Landscape Designer to the team! This is an excellent full-time opportunity for a motivated and experienced Landscape Architecture professional interested in working on a diverse list of projects while making their mark in our Landscape Architecture and Urban Design Division. Our Landscape Designers primarily focus on complete streets, urban design, streetscape, green streets, active transportation & trail design. Some of our other project opportunities also include public parks, athletic field designs, and community development projects.

### YOU WILL BE ACCOUNTABLE FOR:

- Involvement in all project phases from master planning to construction documents and assistance
- Creation of conceptual design drawings
- Creation of presentation graphics, 3D & Sketch up models
- Participation in community outreach programs
- Development of construction documents including plans, specifications, and cost estimates
- Assistance and support to business development activities
- Engagement with clients & consultant coordination

### QUALIFICATIONS

- Degree in Landscape Architecture (LA)
- 2-7 years' experience in California landscape architectural/civil/transportation consulting practices
- Experience preparing construction documents (plans, details, cost estimates, specs)
- California LA license not necessary but is a definite plus
- AutoCAD 2009 (or greater) skills
- Proficient in MS Office
- Demonstrated experience with Adobe Creative Suite (Photoshop, InDesign, Illustrator)
- SketchUp skills preferred
- Self-starter, high energy individual with the following attributes: Strong verbal and written communication skills; Team player; Ability to collaborate with professionals, support staff and clients; Ability to multi-task and succeed in a fast paced environment
