

Job Posting: Landscape Architect (3-5 Years) Effective: November 10, 2017

Kane Landscapes, Inc. has been *Inspiring, Creating, and Sustaining* high-quality, professional landscape services for area residents since 1991. Kane Landscapes is dedicated to the Design/Build methodology of contracting. With a company focus on superior service and attention to detail, we strive to deliver amazing value to our clients. That is where you come in. If you are looking for a place to grow, be nurtured, and flourish while designing fantastic outdoors environments for great clients we are the home for you. Our exceptional staff is committed to providing superior customer service and building long-term relationships, not only with our clients but with our colleagues, in a team-centric environment.

Responsibilities include:

- Initial design concepts, design development and construction documents for high end residential projects.
- Technical review, quality assurance, and quality control for landscape projects
- Design details and construction drawing preparation for landscape residential designs including but not limited to zoning, building codes, layout, grading, and hardscape.
- Consulting with design partners as need, ie: Engineers.
- Presentation drawing preparation.
- Construction estimating.
- Working with project team members to guide and shape the design and delivery of projects of a variety of scale and type.

Skills Required:

- Ability to work within a team environment.
- Minimum 3-5 years of experience as a Landscape Designer/Architect focused on high end residential projects.
- Strong organizational skills, deadline oriented, and be proactive.
- Good design and graphic communication (hand/computer) skills.
- Strong plant knowledge, including natives.
- Working knowledge of grading, construction materials, and detailing.
- Strong communication and team collaboration skills.
- Must be highly proficient in AutoCAD or related software and Graphic/3D programming. Pool Studio and Dynascape preferred.
- Strong free-hand illustration and rendering skills (Preferred).
- Strong knowledge of Adobe and Microsoft Office.
- Knowledge of Asset software, preferable.
- Self-motivated; sense of urgency to produce quality work.

Education Requirements:

- A Bachelor of Landscape Architecture from an accredited LAAB degree program (Preferred)
