Entry Level Landscape Architecture & Land Planning Position

Murfreesboro, TN

Site Engineering Consultants, Inc. is looking to expand our Landscape Architecture and Land Planning Department in our Murfreesboro, TN office. SEC, Inc. is a multi-disciplinary design firm that focuses on the design and development of commercial sites, office complexes, residential subdivisions as well as mixed-use developments.

SEC, Inc. is currently seeking an energetic and self-motivated Landscape Architecture graduate with 1-2 years of office experience. Applicants should have an aptitude for landscape architecture and land planning along with creative problem solving. Must enjoy working in a team environment while possessing a stellar work ethic, good communication and organizational skills. Potential candidates will enjoy the freedom to grow under the supervision of an experienced team of design professionals. The position includes design and planning of various development types, document development & publication, construction documents and details, and planting design.

Qualifications

- Proficient with AutoCAD and Adobe Creative Cloud (Photoshop, InDesign, Illustrator)
- Land F/X Software experience preferred but not required
- Working knowledge of SketchUp or other 3-D modeling software
- Microsoft Office (Word, Excel, and PowerPoint)
- Construction document and detailing experience preferred
- Strong hand graphic for conceptual design
- Strong oral, written and graphic communication skills
- Minimum of 1 to 2 years of experience in a design office environment
- Bachelor of Landscape Architecture Degree from an accredited program

Interested candidates should send their cover letter, resume and portfolio highlights to Rob Molchan at rmolchan@sec-civil.com.

Please limit your portfolio samples to 15 mb, or provide a cloud link.

SEC, Inc. is an Equal Opportunity Employer.
