

Position Announcement

Position: Landscape Designer, Eugene Oregon

Experience required: 1 year minimum to 3 years experience

Schirmer Satre Group is a landscape architecture and planning firm with a close working relationship with other professionals and disciplines within our community.

Schirmer Satre Group is located within Eugene Oregon, the center of western Oregon, a region stretching from the Oregon Coast Range through the southern Willamette Valley to the Cascade Mountains. The diverse geography and climate provides an ideal environment in which to live and work. Eugene is known for its outdoor focused activities that include running, biking, hiking and fishing just to name a few. Eugene is ranked as the 8th in Livability's Best Places to Live & Visit (2013). A recent (November 2017 article: Eugene) by the Washington Post said as much as well.

At Schirmer Satre Group we work in an open studio environment within a renovated historic building with natural light, materials and plants. We actively listen to each other and our clients and develop land use plans, designs and details responsive to our communities' context, client's aspirations and budget. We research, plan and design thoughtfully with an understanding of how our design decisions affect our community and environment. We seek candidates that possess our values of craft, creativity and communication.

Schirmer Satre Group is seeking a landscape designer with one year minimum to three years of experience.

Schirmer Satre Group is looking for a candidate with strong design sensibility, who is motivated, detail oriented and able to prioritize tasks and manage responsibilities. The ideal candidate is a strong collaborator, highly organized and responsive to changes in design schedules. The candidates must have strong verbal and written communication skills. They must also be a self-starter with a desire to further the studio's creative tools and techniques. Effective, proven in-office working knowledge of AutoCAD, Photoshop, InDesign, Sketchup, and Microsoft Office required. Completion of CAD test will be required as part of the review process.

Compensation is commensurate with experience and ability.

Email in PDF format with a maximum of 10 MG file size; resume with a minimum of two references and examples of professional work to: john@schirmersatre.com. If additional work examples are available please include a dropbox link in PDF format.

Schirmer Satre Group is an Equal Opportunity Employer.

Education requirements: A minimum of a Bachelor's Degree in Landscape Architecture from an accredited program required.
