LANDSCAPE ARCHITECT/ DESIGNER POSITIONS

Part Time Independent Consultant(s) Needed for Various Landscape Architecture Projects

South Bay and Peninsula based landscape architecture office looking for part-time designers/assistants for medium to large custom residential and small commercial/community landscape design services. This is a part-time, flexible schedule position for an independent contractor with potential for full-time, long-term work. Work to be provided for you, and shall be completed on your equipment and in your office, with regular in-person or online check-ins and meetings.

Candidates must:

- Be self-directed, organized and motivated, requiring minimum supervision
- Be able to take direction
- Work within our firm's graphic and design standards and guidelines
- Detail oriented and capable of delivering under strict timelines
- Have the ability to handle more than one project at a time
- Be proficient with hand drafting/sketching with color, AutoCAD, and 3D such as SketchUp, and Photoshop and Illustrator
- Have experience in residential landscape design, be familiar with irrigation, plant design, and construction detailing
- Have the ability to prepare schematic designs, layout plans, elevations, design details and construction documents
- Have strong written and oral communication skills
- Have the professional communication skills to interface with clients and project teams via phone, email, and face to face, as needed
- Some web based marketing and office organization may be a part of this position

Candidates should have the following qualifications:

- Degree or some formal education in Landscape Architecture preferred
- Previous experience in a Landscape Architecture / Design office preferred
- Some familiarity with irrigation and Plants/Horticulture
- Local residents preferred
- License in Landscape Architecture not required
- Must have sufficiently up to date software on your computer (2012 and up preferred)

Compensation commensurate with experience. If you meet the qualifications, please reply to the email address below with your resume, relevant work samples and desired hourly compensation.
