

# RENEW

GARDEN CARE & CONSULTING

## JOB OPPORTUNITY

### Landscape Designer – Entry Level (0–3 yrs)

Renew Landscape Management is a full-circle landscape company offering design, construction and maintenance services. Our wide range of built projects combine great design, locally sourced materials and organic horticultural techniques; free of harmful chemicals. We work with nature, not against it, to create sustainable, long-lasting landscapes for everyone to enjoy.

#### JOB DESCRIPTION

The Landscape Designer will prepare detailed drawings of architectural designs and plans for many residential and commercial garden projects. This work relies on preparation of preliminary plans and schematic exhibits, preparation of working drawings, attendance at client meetings and collaboration with the design team to achieve beautiful, functional and exceptional properties. Landscape Architecture background is preferable, but candidates from related design fields are welcome.

Compensation is based on qualifications and experience. Opportunities include occasional field trips to nurseries, gardens and lectures. This is a full-time position.

#### QUALIFICATIONS

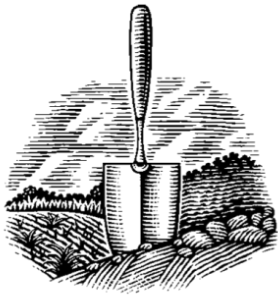

We are looking for a candidate with 0–3 years' experience preferably with a Bachelor in Landscape Architecture or Architecture from an accredited university. Candidate must be fully proficient in AutoCAD, Adobe Creative Suite, Sketch-Up, Illustrator, Photoshop and InDesign. Ability to produce hand-drawn perspectives plans and sections are a plus. Good communication and computer skills are required.

#### REQUIREMENTS

- ▲ Interest in sustainability, ecological design and environmental issues/solutions
- ▲ Familiarity with the principles, methods, and procedures associated with landscaping, ecological and sustainable design & build
- ▲ Proficient in AutoCAD, Adobe Creative Suite, Sketch-Up, Illustrator, Photoshop and InDesign
- ▲ Experience with execution of production drawings
- ▲ Professional work habits; multitasking, well organized, efficient deadline management, task delegation
- ▲ Good communication; strong verbal and writing skills
- ▲ Attention to detail/passion for design excellence, design motivated problem solving
- ▲ Some experience with construction documents

Please email [Shelby@renewlandscapes.com](mailto:Shelby@renewlandscapes.com) | Attach resume, work samples (computer drafted documents and design/process sketches) in PDF format and three references for consideration – no phone calls

4134 Atlantic Avenue, Suite 203, Long Beach, CA 90807
