

Landscape Architecture Entry Level Position

Type of Job: Entry Level

Discipline: Landscape Architecture

Name of Firm: Edward Clark Landscape Architect LLC

Job Location: Flanders, NJ

Description & Responsibilities:

ECLA currently operates with 3 full time Landscape Architects and Designers. Partnered with an in-house landscape construction company, you will not only be participating in the design aspect but will also be involved with site data, pricing/budgeting, and material orders. You will aid in the process of taking conceptual sketches to AutoCAD format as well as creating renderings and any other necessary visuals. You will also be asked to create excel forms and spreadsheets for business purposes.

We are seeking a hardworking intern to work approximately 40 hours per week (flexible) with compensation (to be discussed during interview).

Education and Experience:

- Undergraduate students currently working towards their BLA degree from an accredited Landscape Architecture program OR
- Recent graduates from an accredited Landscape Architecture program
- No prior work experience necessary

Skills Required:

- Proficiency with AutoCAD and Adobe Design Programs a must
- Proficiency with Excel and Word a must
