

Landscape Designer / Draftsperson

CJM::LA, Inc.

Compensation: To be determined based on experience. Hourly wage and benefits package.
Hours: Full or part time.
Availability: Position is available immediately.

CJM::LA is a Landscape Architecture studio in Santa Barbara, CA. Our office currently employs three professionals as well as a number of independent consultants. We are seeking an energetic, proactive and creative designer/draftsperson to join our team in downtown Santa Barbara. Currently we are working on multi-family, commercial, hospitality and estate residential projects within the greater Santa Barbara and Los Angeles areas.

Candidates must have a minimum of 2-3 years of experience working at a professional landscape architecture office, a degree in landscape architecture and the following:

Required Qualifications:

- Proficiency in AutoCAD. Current experience working on construction drawings in CAD with knowledge of key commands is required.
- Excellent writing and communication skills.
- Ability to take direction and work within a team.
- Experience producing construction drawings including construction layout plans, construction details and planting plans. Knowledge of construction methods and materials.
- Working knowledge of Photoshop, InDesign and Microsoft Office.
- Proficiency with Windows operating systems and PC-based work.
- Specific attention to detail and ability to prepare clear, concise graphics.

Desired Qualifications:

- Knowledge of local plant palettes.
- Ability to employ creative problem-solving skills in investigating potential design solutions.
- Experience with multi-family residential, commercial and hospitality projects.
- Excellent freehand drawing skills.
- Organized and professionally motivated, with strong design skills and intuition.

Position Description:

Position will include the preparation of preliminary plans, graphics and schematic exhibits; preparation of working drawings using AutoCAD, and collaboration with our design team to achieve beautiful, functional and exceptional properties.
