

JOB LISTING

SPURLOCK LANDSCAPE ARCHITECTS – PROJECT LANDSCAPE ARCHITECT, SAN JOSE

We are looking for inquisitive, energetic and dedicated individuals with a strong interest in idea driven work. You must possess strong design and communication skills (graphic, written and verbal).

Required: Landscape Architecture degree
 Proficiency with AutoCAD 2017, Sketch-up and Creative Suites
 Experience with construction detailing and documentation

Desirable: Regional Experience
 Horticultural background
 Proficiency with Revit, Lumion and/or Rhino

Experience: 2-5 years required

Salary and Benefits: Competitive and commensurate with experience/skills. Benefits include health insurance, paid time off and 401(k).

Spurlock Landscape Architects is a twenty person firm with a strong reputation for design innovation. Current projects include many facets of the profession – parks, affordable housing, campuses, urban design and artist collaboration.

This position is for our Northern California location in Campbell.

Please send resume and examples of work to our home office:
