Land Plus Associates, Ltd. is searching for a qualified candidate to join our team of landscape architects and designers. A qualified candidate would possess the following.

- 2-5 years of professional design office experience
- Finely-honed design aesthetic
- Strong emphasis on construction detailing with desire to learn about residential landscape and hardscape construction
- Knowledge of the southeastern plant palette
- A strong understanding and commitment to the design process
- A willingness to collaborate in a team environment as well as with associated professionals
- Experience understanding and complying with municipal codes and development regulations
- Proficiency in AutoCAD is a must, we are currently running v.2017
- Proficiency in LandF/X and the Adobe Creative Suite is desired

Working closely with our Principals and Project Managers, tasks will include the following.

- Fieldwork
- Design Development
- Construction Documentation
- Permit Plan Production & Coordination
- Rendering and Presentations
- Cost Estimation
- Client Coordination

Land Plus Associates, a fast-paced, award winning design firm located in Buckhead specializes in high-end residential design, residential site planning and land planning in Atlanta and throughout the southeast for over 33 years. Land Plus has a diverse portfolio of high-end homes, master-planned residential neighborhoods and multi-family in-fill developments.

We are a small, boutique firm whose strength lies in its professionals, their dedication to the design process, years of knowledge gained through experience, and willingness to collaborate in an open-studio team environment.

We offer a competitive salary/benefit package including 401K retirement plan, comprehensive insurance and a supportive office environment with excellent growth potential in design and project management.
