

Senior / Project Landscape Architect

- Full Time
- [Detroit, Michigan](#)
-

[Website](#) PEA, Inc.

PEA, Inc. is a multi-disciplinary site design firm located in 4 offices throughout Southeast Michigan. We pride ourselves on providing a full range of site design and engineering services for our clients. Our team of Civil Engineers, Land Surveyors and Landscape Architects work closely with our public and private sector clients to bring projects from concept through construction.

PEA has recently opened a new office located in Downtown Detroit, overlooking Capitol Park, and is looking for talented individuals to join our growing team!

Our Detroit office is focused on urban design and development projects. The City of Detroit is currently experiencing a major growth in development, and PEA is excited for the opportunity to continue our work with the City and its stakeholders.

We are searching for a creative and talented Senior / Project Landscape Architect, to join our Detroit office. Current projects include: a number of mixed use residential developments in the near downtown area, habitat restoration and design for public space along the Detroit riverfront, and green storm water infrastructure for local clients.

GENERAL SUMMARY

The Senior / Project Landscape Architect is responsible for planning, site design, and landscape design and providing technical expertise for various public and private landscape architectural projects. Provides design and documentation leadership for Landscape Architectural projects.

PRIMARY DUTIES AND RESPONSIBILITIES

- Collaborates with internal and external clients on the landscape design packages for projects including; healthcare facilities, regional trails, urban plazas, multi-family residential, streetscapes and urban design.
- Develops plans for Green Stormwater Infrastructure in conjunction with Civil Engineering staff.

- Lead the Construction Documentation and Detailing using CAD.
- Leads design exercises and prepares finished design presentation graphics.
- Prepares landscape plans, site plans, hardscape details, construction drawings, site analysis, and presentation graphics.
- Coordinates the preparation of project drawings, exhibits, and calculations with other engineers, designers and technicians.
- Provides training, mentoring and to the junior LA staff.
- Presents project plans or designs to clients, or stakeholders.
- Communicates with project team members, client representatives, review agencies and others as appropriate to the project.
- Seeks appropriate guidance in resolving various project related issues.
- Manages time effectively, organizes, and works on multiple projects simultaneously in order to meet project deadlines and client needs.
- Visits project sites to review conditions as appropriate.
- Performs other duties assigned.

FORMAL EDUCATION, LICENSES AND CERTIFICATIONS

- Bachelor's Degree or higher in Landscape Architecture from an accredited program.
- Licensed Landscape Architect

KNOWLEDGE AND EXPERIENCE

- 8 years of experience preparing schematic design, design development, and construction documents for various site development projects.
- Experience with preparation of hardscape and landscape plans for site plan approval and construction documents.
- Technical knowledge of landscape architectural construction including codes and development regulations.
- Working knowledge of landscape and native plants in the Midwest region.
- Working knowledge of typical computer software programs used for landscape design (AutoCAD, Photoshop, Microsoft Office, Sketchup, etc.)
- Additional expertise in graphic programs (lumion etc) a plus.

COMPETENCIES AND PERSONAL ATTRIBUTES

- Excellent verbal, written, and graphic communication skills.
- Willingness to perform work collaboratively in a multi-disciplinary team environment.
- Ability to manage a variety of tasks on multiple projects in a fast-paced environment.
- Ability to mentor staff and foster a learning and growth environment.
- Ability to plan and work independently and demonstrate good time management skills.
- Job requires being cooperative with others on the job and displaying a good-natured, positive attitude.
- Ability to creatively problem-solve, persistently complete assigned tasks efficiently and exercise sound business judgment.
