

SENIOR LANDSCAPE ARCHITECT / URBAN DESIGNER – Silver Spring, MD

Are you fascinated by the built environment? Want to create active places and spaces for people that are both beautiful and functional? Do you want to be a catalyst for change in the field of landscape architecture? If so, we're looking for someone like you to join our team as a **SENIOR LANDSCAPE ARCHITECT/URBAN DESIGNER** in our **Silver Spring** office.

Why join TDG?

At Toole Design Group, we're working to create vibrant, multimodal transportation solutions for people of all ages and abilities. Our staff of 130+ landscape architects, planners and engineers are passionate about making a difference in communities large and small. The pace is fast, our team is creative and dynamic, and you will collaborate across disciplines with colleagues on transformative projects across the country.

As a **Senior Landscape Architect / Urban Designer**, you'll be part of our Urban Design Group, integrating our transportation projects into the fabric of the community and making the travel experience better for all users. You will help lead the design process from concept to construction. You will be involved with all facets of design projects including stakeholder outreach and design charrettes, master planning, concept plans, demonstration projects, 3D modeling, and illustrative graphics. You'll be at the table leading discussions with our clients, planners, and engineers to take concept plans and make them reality through design development, detailing, specifications, and permitting.

You'll be great here if:

- You are passionate about urban design and active transportation
- Reimagining cities, green spaces, and public realm through landscape architecture energizes you
- You enjoy collaborating across disciplines and offices to design the best projects for our clients
- Hand and computer graphics are second-nature to you
- You're motivated by re-examining the way we view road design, green infrastructure, and sustainability
- You're motivated to find and work with new clients and solve new challenges
- You take ownership in your projects and deliver high-quality work on time and on budget
- During the construction design phase, you want to get into the weeds on every last detail

You'll need:

- A bachelor's or master's degree in urban design, landscape architecture, urban planning, or related design field
- Landscape architecture license in Maryland or Virginia or the ability to acquire one within one year
- A minimum of 10 years of hands-on urban design or landscape architecture experience
- Proficiency in graphic production in both 2D and 3D using SketchUp, V-Ray, and the Adobe Creative Suite
- Proficiency in AutoCAD or Microstation

- Knowledge of ArcGIS is a plus

We'll offer you:

- The opportunity to change how we discuss, design, and develop the largest part of our public realm, our transportation network, in communities across the country.
- The potential to grow as an urban designer and advance in a company that prefers to promote from within
- Competitive salary and industry-best benefits
- A workplace that practices what it preaches, with like-minded colleagues, and financial incentives to bike, walk, and use transit on your commute

About our Silver Spring office:

The Silver Spring office of Toole Design Group is our corporate headquarters. We are conveniently located just outside of Washington DC in downtown Silver Spring, two blocks from the Silver Spring Metrorail/MARC Station. Our beautiful 8th floor suite offers stunning views of DC and surrounding Montgomery County. The office is easily accessed on foot, by bicycle, and via transit. Our team is a dynamic mix of planners, engineers, landscape architects and administrative professionals. Our projects range from city-wide plans to street transformations, in the mid-Atlantic and throughout the U.S.

How to Apply:
