Job Title: Landscape Architect I

Surface 678, PA is an award-winning 22-person firm located in the downtown of Durham, North Carolina. Founded in 1993 [as Lappas + Havener, PA] our practice focuses on the cultural and institutional landscape with projects throughout the Southeastern United States and beyond. Our work includes the design of urban public spaces, parks, museums, botanical gardens, university and corporate campuses and healthcare facilities with minor emphasis on private land planning and design [www.surface678.com]. In those areas of practice, we work collaboratively with architects; civil, structural, electrical, plumbing engineers; cultural and historical consultants; artists and many other disciplines needed to create meaningful work.

The Raleigh-Durham-Chapel Hill region is consistently rated as one of the top locations for creative culture and urban lifestyle in an affordable, reasonably paced setting. Durham is minutes from Duke, University of North Carolina Chapel Hill and North Carolina State Universities, major medical centers and cultural attractions, 2.5 hours from the beach and 3.5 hours from the mountains.
