Landscape Architectural Designer: 2+ Years Experience – Full Time

Offshoots, Inc. seeks a landscape designer/ architect to join our Boston office team.

We are looking for a self-starting and flexible individual to help grow our office. Responsibilities will include all aspects of an entry-level landscape design position including:

- Illustrating productive landscape systems, including diagramming phytoremediation and ecological planting strategies, 2D and 3D renderings
- Construction detailing and drafting of projects ranging from residences to multifamily housing, public parks and streetscapes
- Graphic layout of reports and image books in Adobe InDesign
- Opportunities for design collaboration and research

Candidates must have excellent graphic design skills, including ability to create photorealistic perspectives, 3D visualizations, diagrams and rendered plans. Familiarity with Adobe Suite and AutoCAD is essential. Ideal candidates will be self-starters, with strong design sensibility, and creative energy. Prior professional work experience is required including some experience with construction document preparation. Interest in phytoremediation and productive ecological landscape systems is essential.

We are seeking a full-time candidate to join us within the next few months and will continue our search until the right individual is found. Part-time opportunities may also be available.

Please email cover letters, resumes, contact information for three references, and a pdf of work samples or a portfolio to office@offshootsinc.com

About our Practice: Focused on creating productive landscapes that provide ecological, social and economic benefits, Offshoots, Inc. is a landscape architecture, planning and horticultural installation company in Boston. We specialize in the design of green infrastructure and phytoremediation systems to uptake and remove pollutants from the environment. Projects include large scale regional planning initiatives, public park and streetscape design, multi-family housing and residential gardens. Please visit our website: www.offshootsinc.com
